DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on November 14, 2003 has been entered.

Priority

2. The applicant is again reminded that Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Japan on 2/23/2001. It is noted, however, that applicant **has not** filed a certified copy of the mentioned application as required by 35 U.S.C. 119(b). Correction action is required.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance: Claims 4-5, 7-16 have been found to be allowable since the prior art of record either alone or in combination, neither discloses nor makes obvious the combination of an aligner and corresponding method where a first controller is used to align the mask and the substrate and a second controller is used to interact with the first controller so that the substrate is sucked on the base only at the region corresponding to a region for exposure, as recited in the instant claims of the present application. Applicant's arguments filed November 14, 2003 are deemed persuasive and incorporated herein by references.
